Facility Management Pvt Ltd

WELCOME MESSAGE

One of the keys to success in the facilities management industry is earning the confidence, respect, and trust of key constituents, including both customers and employees. To achieve quality solutions and form life-long relationships, we all must share the same high standards. At SGS Facility Management, we know the value and importance of your assets thus we are committed to delivering a comprehensive range of integrated facilities management services that equals international standards.

The boom in real-estate and high-rise buildings across India has become recognized internationally. As a result, SGS Facility Management is dedicated to developing and providing the highest quality services to its customers. With our 12+ years of combined experience in India SGS Facility Management applies the latest facility management techniques and services that India deserve.

Welcome to SGS Facility Management. We look forward to providing you with the highest level of expertise and customer service.

ABOUT

Facility Management Pvt Ltd

SGS Facility Management provides integrated, quality facilities management services to create harmonized and customized solutions that support your core operations and exceed your expectations.

SGS has been working and growing with its esteemed clients by providing quality services since inception. The company is very clear about its vision and treats their employees as the most important asset. Our people are trained to ensure they deliver the best of the services to our customers at their respective levels.

Facility Management Pvt Ltd

OUR HISTORY

SGS was established in September 2010 and is currently the top and leading company in the field of electromechanical contracting. Our unique expertise and success is evident in the quality, quantity and importance of the projects that SGS has completed in the current and previous periods; such as the Engineering industry, Mall/Hospital, educational institutes, commercial complex etc...

SGSFM, for integrated services is a company established in 2010 and it is one of the emerging companies from the mother company, SGS. The purpose of its establishment was to transfer all maintenance contracts for major national projects carried out by the mother company to SGS Facility Management which is specialized in facility management by using modern and advanced methods of maintenance for buildings and facilities. Our scope of business later expanded to include housekeeping work, façade cleaning and landscape works, in order to enter Indian facility management market.

Today SGS Facility Management is expanding its business outside Maharashtra, specifically in south .

OUR PHILOSOPHY

At SGS Facility Management, our vision is to provide you with a safe, productive and healthy environment by finding and developing new ways to use your spaces more efficiently. This will positively impact productivity, innovation and the overall culture in your space, creating more measurable value than ever before.

SGS Facility Management will achieve goals for your assets and buildings, as well as optimize your spaces to support employees' performance.

We aim to be recognized for our customer-centric model and our vision of excellence. SGS Facility Management will continue to explore and introduce innovative tools to enhance customer experience and empower businesses to maximize their success. To increase living standards and economic productivity across India is the driving force behind

MEET OUR TEAM

It's our people who make the difference. SGS Facility Management's team helps our customers achieve their goals with peace of mind.

WHY SGS FACILITY MANAGEMENT

We
are your
success
Partner!

Facility Management Pvt Ltd

SGS Facility Management helps you stay competitive, by collaborating with HR and IT teams to align and support the overall company strategy. To accomplish your needs, we develop sets of strategically relevant key performance indicators, KPIs, that measure outcomes such as: ability and speed of knowledge creation; impact of office environment on employee productivity and innovation; impact on culture; customer satisfaction; and ability to adapt to changes in the external environment.

This union will provide the employer with the utmost levels of technical and logistical support by merging the capabilities of the two companies into one entity to achieve an unprecedented level in soft and hard services. This union will provide the employer with twenty years of experience designing, implementing and maintaining major projects in partnership with the major consultancy offices, such as Dar Al-Handasah, Shaker and the Engineers Consulting Group. Our value engineering and unique solutions ensure the best possible operating costs through multiple factors, including energy and water consumption.

SOFT SERVICES

HOUSE KEEPING AND HYGIENE SERVICES:

Cleaning and maintaining a place of business to the highest standards is extremely important because it ensures the comfort of your staff, customers, and visitors in a pleasant environment. SGS Facility Management offers a large range of cleaning and sanitizing services for every size business such as Administrative buildings, large residential building, corporate buildings, hospitals, Malls, schools and more

FAÇADE CLEANING SERVICES:

One of the benefits of living in Egypt is sunshine virtually most of the year. However, the climate can also be pretty harsh, particularly during the hot summer months, bringing with it extreme temperatures and a surfeit of wind and dust.

Keeping your buildings looking fresh and well maintained is a challenge in these conditions. And this is where Unitech Facility Management can help.

PEST CONTROL SERVICES:

With SGS Facility Management our team are all experts at pest removal, whether it is rats, mice, bees, wasps, or other irritants. Every one of our Pest Control Team is highly trained, in what they do and know how to handle pesticides and chemicals so this will make sure your office or premises is free from rodents, insects and other pests that are causing you inconvenience and posing a danger to your family, staff and customers' health.

LANDSCAPING SERVICES:

Our professional landscape services are fully comprehensive, whether it's just keeping your garden looking trim, neat and tidy, or designing the garden of your dreams. We'll do all that for you, so that all you have to do is sit, relax, and enjoy!

A man in a black quilted jacket is shown from the back, holding a black and red walkie-talkie to his mouth. The background is dark. The word 'SECURITY' is partially visible on the back of his jacket.

PREMIUM SERVICES

SECURITY SERVICES:

SGS Facility Management is committed to protecting and safeguarding all the assets of an organization, people, physical assets or information.

We have specialized teams for providing an array of services: Manned Guarding: We have courteous and professional security personnel who are trained to meet the specific requirements of clients.

Our background checked, uniformed security officers can protect against/ deter crimes on sites and be the first responder during any emergencies
